Beloved Saint Germain's Talk

Through Mr. G. W. Ballard

San Francisco, California July 18, 1937

Minute Men's Meeting

Gentlemen, My Heart rejoices to find you interested, for it means you are turning attention to your Source of Life that is the solution of all you require. In the outer activity of life, human endeavor of mankind to find a permanent solution to problems has failed utterly. Individuals have never successfully risen above problems, and the reason for it is that without this "Mighty I AM Presence," there is no anchorage. There is no stabilization of the human feeling world to make it possible for the Power of the "Presence" to flow through and do Its Perfecting Work in the outer world of mankind's activity. That is the reason today for My humble effort to bring you this clear understanding—with a simplicity that you might have thought at first was almost childish. I assure you, it is far from that! This Mighty Law is so simple even a child can understand and apply it; yet only in simplicity is the Majesty and Power of this "Presence" brought forth into your outer world.

I wish to explain one thing which the Messenger did not mention, to give you the reason why the Words "I AM" transcend every human concept. When you say "I AM," you are announcing the Power of Divinity at your point in the Universe in Its Full Action. I do not mean you can release Its Full Power at once, in the first Call you make after your attention is given to your "Presence." You do not do that in one sweep, although it is possible for certain individuals to do it quickly. You must first turn about, understand, and accept your Source of Life in

your feeling. Mankind has never understood this. Individuals have prayed to God, thinking of God as an Omnipresence; but until everyone understands that the God Presence is brought into a *Definite Focus* within each person's consciousness, and that this Focus is backed up by the Reality of the Great God Presence, they have no stabilization—they have no Sustaining Power to hold the balance permanently.

Through this Chart, you understand the Power of the "Presence" which actually beats your Hearts and gives you Life. You know you do not have to look elsewhere for the Power of the Universe. It is there above you, feeding Its Life, Its Intelligence, Its Activity into your body. First, Life anchors within your Heart, then into your brain and body, and then acts in your world. Does it sound strange to you when I say, *in your Heart first?* It does act there first! Notice! Your Life Energy goes through your brain and anchors within your Heart. That point of anchorage within your Heart is where the "Presence" acts first, before It acts through the brain. This is the most important thing for mankind to understand, because if the individual would follow the promptings of the "Presence" through his Heart, he would have little or no difficulty in holding himself and his world harmonious so the Power of the "Presence" could flow forth to produce Perfection in it.

Once you understand this one thing, then you know, through the power of your attention, that you can bring all into Perfection by your Call to the "Presence" and obedience to Its Direction through your Heart. Beloved Brothers of the Light, do you have any concept of the gigantic power in that simple word, "attention"? It is the most stupendous thing in your use today. Even the Students do not yet comprehend its enormous power.

© 1992 Saint Germain Press, Inc.

What your attention is on, you become! What your attention is upon, you call into action in your world! There is nothing in the Universe that can prevent it. This is why there is such great need of harmony within the feeling of mankind today. Your power of qualification, acting through your attention, is the thing which is qualifying your Life Energy all the time, either with constructive or destructive qualities. Then it flows out into your world and can make your business a success, if it be constructive, or can make it fail, if it be out of harmony and destructive.

Now Gentlemen, take it from the point of the business world. The constructive and destructive qualities are acting every moment in your world. If your feelings are discordant, that discord is carried out into your world through radiation to produce its quality, and the results are expressed in your world. You must understand that the Greatest Release of the Power from the "Presence" is by the Outpouring of Divine Love and Blessing. Then Its Harmonizing Activity will go out into your world and everyone will love to assist you. Everyone will bless and help you to accomplish the things that you desire in the activity of the outer world. It is the *only* means by which permanent results are obtained.

Suppose you have a certain business activity which you wish to establish or to make succeed. *The first fundamental must be harmony to all concerned!* If you say to Me, "That seems impossible. How can I govern others?" I answer, you cannot—humanly. But I know this, and I have proved it many times: one individual who is firm, courageous, and anchored in the acceptance of his "Presence" in a business activity, can call his "Presence" into action with such Power that he maintains peace and harmony everywhere he moves. One can pour out such

Divine Love to blaze out to these people that everyone who touches his radiance will want to do the right thing—will want to be honest and sincere. The individual must be strong enough to keep that Outpouring going continuously, refusing all acceptance of appearances to the contrary. This is very important, because mankind throughout the ages has been accepting the appearance instead of the Real, and through that acceptance, pouring the Life Energy into it.

Now notice this, Gentlemen, it is so gigantic in its activity: Through your attention, you pour your Life into whatever your attention is upon. If your attention is upon the discord and limitations of the outer world, you are feeding your Life Energy into that discord, giving it more power to act. Then what is the remedy? Say to every human appearance, *"You have no power!"* Then call your "Presence" into action. What does that do? When you say to discordant human appearances, *"You have no power!"* it is like you drew a wall, and so far as your individual world is concerned, that inharmony has no power to act in your world. When you call your "Presence" into action, Its Power—notice—is not just a principle! Its Power which you are calling forth into action in your world through yourselves is Self-Luminous, Intelligent Substance. It *is* a principle, but remember, *It is far more than that.* It is Self-Luminous, Intelligent Substance which goes out and produces that upon which your attention is held.

You might say to me, "Why is it I seemed to have made mistakes in my business activities?" First, because you did not know your "Presence" above you, or because the Power of Discrimination from your Higher Mental Body was not having an opportunity to act. This is why, Beloved Ones. *Remember,*

© 1992 Saint Germain Press, Inc.

your Higher Mental Body *is* above you, and in your Call to the "Presence," Its Discriminating Intelligence is caused to act. If you do not, through your outer consciousness, know just the correct thing to do, the calling of your "Presence" into action to take possession and hold Its Dominion in your business will cause the Discriminating Intelligence to come forth, act, and produce the results in your world and in your business activity. I tell you, any blessed one here who will, with firm, courageous determination, go forth to prove this Law, can prove It! There is nothing in the world that can prevent it unless you accept human appearances.

Appearances have no power, except what the human gives them through the attention, which carries the individual's Life into them. This is why you are master in your world—if you only knew it—in the Acknowledgment of your "Presence." No matter what is required, how great the Intelligence, how great the Power which needs to be released, your "Presence" is that Intelligence and Power. And remember, your Higher Mental Body knows everything you require! There is no chance about it—not the slightest! Your Higher Mental Body knows everything you require a thousand times better than you do here in the outer, but it cannot act without your invitation to do so.

The fact that you are in the midst of imperfection today is proof that your Call to your "Presence" was required to enable Its Powers to flow forth and do the work—uncontaminated by the feeling within the human form. Such is the position you are in today. Every one of mankind is surely coming to understand that the discordant feeling is the thing which has produced disaster in each one's world. Until your feeling is held harmonious long enough to allow the Power and Self-Luminous,

© 1992 Saint Germain Press, Inc.

Intelligent Substance of the "Presence" to flow forth into your world, you will never be stabilized as long as you exist. You will never have permanent success!

How is it many accumulate great sums of money, and then all of a sudden it is swept away? Because the Discriminating Intelligence of the Higher Mental Body was not acting in the Call to the "Presence." Otherwise it would be impossible to lose anything you have accumulated. Notice, Beloved Ones, in your Call to the "Presence," Its Discriminating Intelligence will act, causing you to do the perfect thing you should do at all times. You in the outer world of today often wonder why, in your great, earnest endeavor to do right and accomplish things, sometimes you are unable to do them. Simply because you, possibly unknowingly, are still trying to do it with the human self—which has only a very limited power and activity. Your "Presence" is the Power of the Universe, and remember this always: *In your Call, when you call your "Presence" earnestly and sincerely into action, the Infinite Power of the Universe goes into action to produce the result you call for, and knows no resistance or interference!* There is no resistance to the Light of this "Presence." It just floods Itself forth at your Call, and all else dissolves before It. There is no battle. It is just like the solution of this condition in your city today. If enough Light were called forth into action, the solution would come forth. All would harmonize, and settlement come about at once. Where there is enough Light, there is no human discord, and that Light can only come from the "Presence" at the human call.

I tell you, Blessed Brothers of the Light, it does not matter one iota whether you believe this in your intellect or not. If you would make the earnest, sincere Call to the "Presence," you

would have such proof come through your body that the intellect would be compelled to receive it and be grateful for it. This Work is not supposition! It is not something which requires faith! This "Presence" is the Source of all Life, and when called into action will answer, regardless of faith or anything else. That is why this Knowledge is the solution of every human problem in existence today, individual or otherwise!

When a thing requires faith to enable it to act, then mankind must first generate that faith. Under the condition of pressure and human discord in mankind today, tell Me, Gentlemen, tell Me how many are strong enough to generate the Power which brings the solution? Few, very few! But the Power of the "Presence" called into action will give one all the Courage, Strength and Power needed to stand by his "Presence" until Its Great Momentum sweeps into and floods his world and produces Its Perfection there. That is why the practical understanding of this Great Knowledge has come forth into the outer world. Mankind must have something practical which the individual can use every moment in order to bring any solution. The discord has grown so great in mankind today that if you saw as We do from the Inner Standpoint, you would almost be frightened. But I tell you, there is no limitation, there is no discord in the outer world today which can affect any one of you blessed ones if you will call your "Presence into action, and by your attention to It, see Its Tube of Light about you. You will positively move in the world absolutely untouched by any discordant thing. It is your right—your privilege! I cannot compel you gentlemen to use this Law, simple as It is, but if you will use It sincerely, give earnest attention to your "Presence," call It into action, and hold your feelings harmonious, the

© 1992 Saint Germain Press, Inc.

solution of everything your blessed Hearts desire will act and produce permanent results. You do not have to keep doing and redoing these things if you understand this Law of Life!

Do you think this is just My Opinion, or this good Messenger's opinion? All this is the Law of Life! No person in the Universe can escape it! Remember, right here in America, two thousand feet down from the top of that great mountain south of the Yellowstone Park in the Teton Mountains, is a Great Audience Chamber cut in the heart of the mountain. The records of every civilization which has ever existed upon the face of this Earth are there in physical form. In the language of every civilization are the Words "I AM" as written in English today. This is why the Words "I AM" are the most powerful in the vocabulary of any civilization. When you utter those Words —"I AM"— It is Divinity announcing Itself at your point in the Universe, as much as to say, " 'I AM' here! The Power of the Universe acting in the world!" That is true—literally! As you continue to acknowledge your "Presence," you will find the Infinite Power of the "Presence" will flow forth to produce Perfection in you and your world.

As We have said in the Classes continually, from a health standpoint, if you would raise your hands, in the privacy of your home or your sleeping chamber, and say: *"Mighty I AM Presence," charge my mind and body with Your Perfect Health, with Your Directing Energy and Intelligence! Sweep out every imperfection in my feeling with Your Self-Luminous, Intelligent Substance,"* My Dear Ones, you could produce Health, Strength and Harmony in your body without any limit—because the "Presence" is not limited. These things are offered for the use of all, but if you will not use them, how can you beloved ones

© 1992 Saint Germain Press, Inc.

have the Blessing, the Harmony, the Perfection, the Supply, the Health and Help which comes through their use? I cannot compel you to use all this Power and Blessing from the "Presence"—the Law does not permit it. You are the one who shall choose how you shall use this Great Energy which is flowing from the "Presence" every minute out into your world.

This being the first Men's Meeting which We and the Messenger have had the privilege of attending, I take this opportunity of intruding Myself upon you because the Joy in My Heart is so Great. I see the Expansion of this Activity. I see what it means to the blessed business world of the Earth. The more individuals who come into this Understanding and charge these Decrees forth into the mental and feeling world to produce Divine Justice and Harmony, the more those Blessings begin to act in the feeling world of all mankind. Not only in your Call do you establish such conditions for yourselves individually, but you are also pouring forth these Blessings to mankind everywhere who do not understand. This is unparalleled, I assure you! You do not see from your limited human standpoint the marvelous Work that goes on in the mental and feeling world of all. This Self-Luminous, Intelligent Energy which is charged forth in the Decrees, besides each individual's own assistance, must anchor permanently and do Its Work for both the individual and all humanity, because the mental and feeling world of mankind is one—everywhere. It is like a great octave or stratum of thought. Whatever thought is charged into that octave flows into both the mental and feeling world. As you come to understand this, you will see its activity. It will give you great joy and enthusiasm to go on and on, not only to your own Victory, but you will know your Victory means added Victory to all mankind.

© 1992 Saint Germain Press, Inc.

Dear Ones, you do not yet understand it, but there is no separation in mankind. You think you are an individual person acting. You are, so far as your own individual world is concerned, but what acts in your own world affects the rest of mankind to some degree. If your world is filled with joy, harmony and success, then that radiation goes out and touches all mankind who take on your feeling, and it acts within their world. It is a magnificent thing! Oh! The Great Scheme of Life makes no mistakes! It is only because mankind has not understood this, that they are laboring under the conditions which exist today. Please do not blame any human being for the present conditions. It is just a great mistake, that is all. But how can blessed mankind get better until individuals have had the opportunity to understand. Take your strike conditions—Blessed Ones, these people do not understand. They think they must physically do something to bring release and relief. They do the best thing they know, but it is not a solution—it makes matters worse, really. One day all mankind will find that this Great Intelligence breathing into each one's being is the Presence and Power that solves all problems!

Let Me repeat again before closing, Beloved Brothers of the Light, remember, when you call your "Presence" into action in your individual lives, or for the Blessing of mankind, that which the "Presence" releases into action in you, through you, and into your world is Self-Luminous, Intelligent Substance. It is Light! It is Love! That Light pours forth, and Its Power, if there be sufficient harmony in your feelings, is so great that all human qualities just dissolve before It. There is no battle. Nothing in this whole world is ever accomplished by battle. Look at Europe! Almost incessant wars are tearing it to pieces in one part or another. It has grown worse, until this frightful, destructive

© 1992 Saint Germain Press, Inc.

condition is now coming to a head. God help them when it does! I worked for Europe for three centuries, but mankind, in its stubborn human ignorance will not listen to the Wisdom which would release all. Now, today, you blessed, staunch Americans are ready to listen to the solution. Believe Me when I tell you, this Mighty Instruction of the "I AM" is the solution of everything, for the individual, state and nation, as the Great Light floods the Earth. Beloved Ones, notice! You not only have the result of your individual efforts, but the Great Cosmic Light is now coming forth! On the first of July another Wave was released. This recent Outpouring of the Cosmic Light gives you the greatest possible Assistance in the history of the Earth to amplify your own honest efforts, bringing release to yourselves and all mankind!

Beloved Ones, the choice is with you. *Choose* how you will use this Mighty Energy which flows into your bodies! It will produce Perfect Health, Joy, Happiness, and the Supply of everything you need in your world if you accept it. If you do not, then you will go on in your old limitation, which is growing worse each day for mankind. The parting of the ways is near at hand. I do not say this to frighten anyone, but it is the Law. The great discordant accumulation of mankind has come to the point where it is either going to take its dominion in destructive activity, or humanity must make the Call to the "Presence" and the Ascended Masters to dissolve the whole thing and set mankind free. Beloved Ones, you must choose!

My Love and Blessing enfolds each one of you in Its Mighty Strength, Encouragement, Energy, and Directing Intelligence. Many of you today do feel how great My Love is which pours out to you, but It is only a small part of what can act within and

© 1992 Saint Germain Press, Inc.

through you as the acceptance of your "Mighty I AM Presence" continues. Most of the accumulated discord in your feeling world becomes dissolved through your Call to the "Presence" and the use of the Violet Consuming Flame. As that dissolves and you continue to call, you will find the Power of this "Presence" comes forth more and more clearly into your world, and you will feel a joy and happiness—even in the face of great discord.

Look at this good brother before you today. Nothing touches or disturbs his feeling world because he knows the Power of this "Presence." Wherever the Messengers have gone and chaos reigned, as soon as they come into its midst, it dissolves and disappears—not because of these physical bodies—but because of their Call to the "Presence," which is the solution of every problem in the world. That is why, Beloved Ones, the Wisdom, the Power, the Authority is theirs. You have full use of It if you choose to do so. We cannot do it for you due to the inharmony in your feeling, because that discord clothes your energy, as it has been doing many times in the past. Once you call a halt on that, it will stop. The requalifying of this Wondrous Energy will stop! If you only realize it, you could stop it this instant. Just say: *"Mighty I AM Presence," see that the power of qualification within me no longer qualifies any energy with discord. Send it forth into my world in Its Mighty, Purifying Activity, and see that it dissolves all unlike Thyself!*

I thank you for your attention, and remember, to the degree that you hold steadfast to your "Presence" and call It into action will I be able to render you a Service which as yet you cannot even imagine. I want to do it, but I cannot do it unless there is sufficient harmony in your feelings. Do not think, Beloved Ones, an Ascended Master is limited in any manner whatever.

© 1992 Saint Germain Press, Inc.

I can project a Ray of Light to everyone in this room as easily as to one of you. An Ascended Being is not limited! Therefore, in your assistance, if your motive is right and your feelings sufficiently harmonized, We can project, at your Call, the Assistance to give you Mastery over conditions about you and your world. Try it out and see! But do not try it a few times and then come back to Me and say it did not work. When you have accumulated all of this limiting condition for thousands of years, remember, if it takes a few weeks, a few months, or a year or two to dissolve and replace all your discord by the Perfection of the "Presence," would it not be worth it? Yet all that can be dissolved so quickly in comparison to the time and period of its accumulation! Such is the Mercy of the Great Law which has now been brought to you with Its Blessings.

With all the Love of My Heart, I thank and bless you forever!

Saint Germain
